To work out your meal’s total calories, add calories listed next to each item, plus the PERi-PERi heat level for your chicken.

Please be aware that as we sell milk and nuts, there may be traces of milk, nuts or other allergens in all our products. We take great care to remove the bones from our chicken breasts and the pits from our olives, but there is a tiny chance of finding one.

Nando’s started in South Africa in 1987, and we’re still true to our roots today. We grow our own PERi-PERi in Southern Africa, with more than 1,400 farmers on almost 500 acres. There’s no Nando’s without PERi-PERi: It’s a pepper, a sauce and a nod to our homeland.
